| <b>From:</b> Deputy Sloan | <b>To:</b> President, Environment & Infrastructure Committee |
|---------------------------|--|

---

- |   |   |
|---|---|
| 1 | May I ask the President of Environment and Infrastructure when the Regulation to amend the Second Schedule to the Animal Welfare (Guernsey) Law, 2012 adding the requirement for dog walkers to be licensed was made? |
|---|---|
- 

---

|                              |  |
|------------------------------|--|
| <b>From:</b> Deputy Strachan | <b>To:</b> President, Policy & Resources Committee |
|------------------------------|--|

---

- |   |  |
|---|--|
| 1 | The 2025 Scrutiny Report into the Agilisys contract set out multiple failings by the States of Guernsey. This Report made a number of recommendations: |
|---|--|
-

- 
- 1) To hire a 'credible, qualified and empowered Chief Technology Officer'
  - 2) To set 'an IT strategy and target operating model'
  - 3) To set up an IT Advisory Board
  - 4) To improve 'supplier management and specialist IT contract management'

To date we have had an IT Advisory Board created, which is in the process of being set up. What steps has or is the Committee taking to meet these other recommendations?

- 
- 2 What steps has or is the President taking to review the contract payment policy and processes for IT project deliverables?
- 

---

**From:** Deputy Gollop                      **To:** President, Environment & Infrastructure Committee

---

- 1 Is the new Environment and Infrastructure Committee planning to revise and reconsider the SLUP strategic land use plan as soon as possible especially given the proceedings and dialogue at the Current DPA review of the Island Development Plan?
  - 2 Will a change of approach or policy be considered regarding the development of greenhouse horticultural existing or derelict or former sites as potential small scale close housing or family housing or social affordable key worker housing?
  - 3 Will Environment and Infrastructure be working with Economic Development on encouraging and incentivising more local arable animal agriculture and local smallholder food production on island to accommodate maintenance of our green economy, ecology habitats resilience and green areas including greenhouse sites in diverse states of repair?
-
